Gift Guide

2025

Local Social Enterprises

Sustainable Gifts

Shop with purpose

Our 2025 Holiday Gift Guide is inspired by the Meaningful Market, our annual curated marketplace that brings together local social enterprises and local artisans who are creating with purpose. Meaningful Market is more than a shopping event; it is a space where mission-driven vendors, community members, and neighbours connect around shared values of sustainability, inclusion, and community impact.

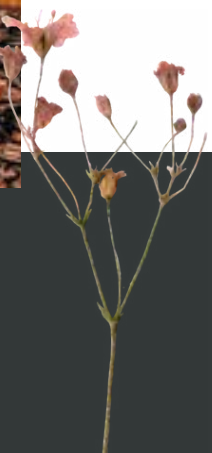

In the pages that follow, you'll discover gifts from many of the social enterprises and local makers who took part in Meaningful Market 2025. By choosing these items, you are supporting local creativity, strengthening community-based businesses, and helping to grow a more just and vibrant local economy—one meaningful gift at a time.

Little Wren Books

Little Wren Books is a small and cozy bookshop in London, Ontario. They provide a curated selection of fiction, nonfiction, poetry, and children's books. Find them at 502 Adelaide St. North!
