WHAT DOES IT MEAN TO BE A SUSTAINING MEMBER?

Contribute to Social Innovation

Innovation requires flexibility, agility and failure. The Innovation Fund ensures these elements are woven into the work we do at Pillar everyday. Programs like VERGE Capital and Innovation Works drive innovation through member engagement, impact investing and social finance, unleashing unexpected outcomes towards positive social change.

Catalyze for Change

The Innovation Fund supports the creation of animation activities, volunteer engagement, advocacy opportunities, and imaginative learning and development. We are committed to building the learning and development of our network through these activities and facilitating deep meaningful dialogue that addresses our community's most pressing issues.

Join in Network Building

At Pillar Nonprofit Network, we believe leveraging the collective power of networks is the best way to create positive impact. We strive to build meaningful connections among our three pillars - business, nonprofit and government. The Innovation Fund enables Pillar to reach the larger network in London and surrounding communities to strengthen and vitalize our sector.

HELP US DRIVE OUR MISSION OF POSITIVE COMMUNITY IMPACT

Flexible funding through the Innovation Fund is a critical component to the sustainability of our mission. Your participation in the 2021 Sustainers campaign is needed more than ever to ensure Pillar can remain a vital and reliable resource for our sector, and to create positive impact in our communities.

Your support will enable Pillar to remain nimble in this time of great disruption. The Innovation Fund gave us the flexibility to respond to the needs of our network and community in the early days and weeks of the pandemic. We model creativity, innovation and failure as we work to recover and rebuild our region. We have strengthened our position as an essential connector and catalyst for change.
